

PBF INSURANCE 1st December to 30th November

PBF Australia is a membership based not for profit organization. PBF members are eligible to apply for a \$250,000 benefits payment should they sustain a permanent spinal cord injury. This benefit will cover the cost of immediate costs of the injury, including living, medical and rehabilitation expenses and modifications to house and car.

The Geographe Cycle Club is a corporate member of PBF Australia and is able to offer the above benefits to its Club members who join through the Club at a considerable discount. However this is annual membership that is available only from 1st December each year to the 30th November.

Current members of the Club are invited to join PBF Australia through the corporate membership scheme each year prior to 1st December when annual membership subscriptions are due and pay this in one amount.

New members of the Club are given an option to join PBF Australia when they join the Club however there is no pro-rata annual fee. Note, membership of PBF Australia is not automatic and will occur only after the membership application has been approved by the Committee and PBF Australia have been advised by the Club of the new member.

The annual fee to join PBF Australia through the Club is currently \$15 per annum and is subject to change. The current cost will be shown on the membership application/renewal page.

Note:- In the event of a permanent spinal injury the member or member's agent must advise PBF Australia in writing within 28 day of the event that resulted in the injury to be eligible to claim the member benefit payment. (Extract from PBF product disclosure statement).

Any queries contact the Club Secretary who is the PBF corporate membership contact.

It is important to read the product disclosure statement before deciding to become a PBF member. Click www.pbf.asn.au/corporate-governance/
